

ASEAN RESPONSIBLE BUSINESS FORUM

Towards an inclusive, resilient and sustainable ASEAN: The role of responsible and inclusive business

27 - 28 August 2018 | Concorde Hotel, Singapore

Join us at the ASEAN Responsible Business Forum 2018 to understand the business case for responsible and inclusive business, and how businesses can contribute to ASEAN community building.

The Forum will feature five expert panel discussions on key challenges faced by ASEAN - advancing responsible and inclusive business; micro, small and medium-sized enterprise (MSME) development; business integrity and anti-corruption; climate change and environmental sustainability; and human rights due diligence in the supply chains.

Participants can expect to share in the discussion with business and civil society leaders, government officials and subject experts from around the world as they seek to identify practical strategies and share good practices on responsible and inclusive business that can be scaled up and replicated in the ASEAN region.

The findings of the 2018 study on Corporate Disclosure on Business Integrity in ASEAN will also be presented at the Forum. The study assesses the public disclosure practices on business integrity and anti-corruption programmes by the 50 largest companies in five ASEAN countries – Indonesia, Malaysia, Philippines, Singapore and Thailand, and compares their latest performance with that of the 2016 study.

In addition, a Workshop on Business and Human Rights is open for registration on first-come first-served basis.

GUEST OF HONOUR: Mr Liang Eng Hwa,
Chairman of Government Parliamentary
Committee for Finance and Trade,
Singapore Parliament
