

# JOWITT'S DICTIONARY OF ENGLISH LAW

**General Editor:** Daniel Greenberg; and a team of Contributing Editors

**Jowitt's Dictionary of English Law** provides a unique authority as the only comprehensive dictionary of English Law.

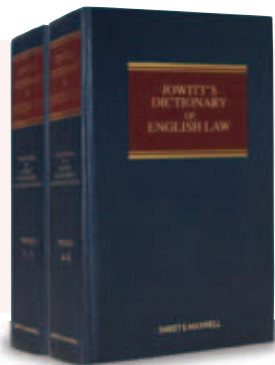

The new edition presents a concise definition of each expression which forms part of the fabric of English law. Entries show the historical context wherever helpful. The new edition includes European terms which are now of key importance for English law.

## RELEVANT NEW LEGISLATION AND CHANGES

Since publication of the last edition **Jowitt's Dictionary of English Law** has been thoroughly revised and updated. Old and obsolete material has been stripped out, except where it provides useful historical context; and new terms have been added.
